Please take a look at the website for the full details

Website

The website is coming, we have a lot of testing to do as we have your data so we want it to be safe. On the website there will be a space for events so that you can add them on the website. The 'find members area' is more intuitive and will be mobile friendly and its all a lot quicker! We are aiming for July 2026 launch!

We have some wonderful holidays on offer; all of our holidays are for our JDs members only. Every holiday has a Tour operator that is there for everything that you need. All of our holidays are tour holidays; this means that they are holidays with interesting day trips organised for you. There is also plenty of spare time for you to spend exploring or just chilling.

We have started a JD Travel Club Facebook page so that you can add all of your photos from the JD Holidays. You will also be able to see any up-and-coming holidays.

<https://www.facebook.com/groups/915620577963434>

If you would like a JD Holiday brochure, please click on the link or go to the website and look in the Travel Club area. For every holiday we will give you a badge, we have a new design where you can add your name, we also start a WhatsApp group for each group so that you can start getting to know each other. Its very exciting and I know that you are going to love the holidays we are planning for 2027.

We also had our very first JD Holiday with Involved Holidays which was a huge success. Our members went to Fuerteventura for the week. Please click on the link to see the video of this holiday

Facebook

We have a great closed Facebook group for our members only; it is updated every week. If you would like to join, please click on this link:

www.facebook.com/groups/thejollydollies

Tips

We received this from one of our lovely JD Coordinators and thought that we would share the information as it might be of some peace of mind to you and maybe your family too.

“Due to the untimely sad death of one of our group members, we thought we would share this. The hospital had trouble in connecting to a next of kin / emergency contact for her. We wondered how many members knew that on an iPhone there is an area where you can tap in the relevant information, including medication’

Here is how to add this information on an iPhone and Android phone.

Here is how on an iPhone

Go to Settings - Scroll down to Emergency SOS - Scroll down to Emergency contact - Create a medical id - Add Name, dob and organ donation (answer whether you are an organ donor) - Next page is where you can add your health, medication, allergies and your emergency contact.

Here is how on an Android phone.

Go to Settings - Scroll down to Safety and Emergency. - Scroll down to Emergency contact. - Add contact, select someone from your list.

Its advised to add 'show on Lock screen' as this is how the medical teams can gain access to your medical data that you have added and your SOS Contact (they cannot gain access to other areas in your phone).

A final message from our coordinator
‘I must admit, that living alone ... filling in the above information has given me a sense of calmness’.

Thanks and we hope it helps.

Westbury on Trym 1 JDs having a lovely cup of coffee

Some of Hereford JDs seeing in the new year in Eastbourne wishing all JDs a happy healthy new year x
